Janine has been associated with Carla Lane's Animaline for many years now. She first contacted us looking to re home some ex battery hens and has rescued many more animals from us since including rabbits, ducks and turkeys. She has been a very valued supporter and often donates dog food and even merchandise for our charity shop (and lots of it!!) Her compassion to animals holds no bounds!

Janine has an affinity with all animals but her speciality is dogs. She has run Woodland Dogs Ltd for 6 years where she walks up to 30 dogs a day but has been associated with animals all her life. Her knowledge on dogs and their behaviour is vast. We have found her nothing but professional and have often called on Janine for advice.

Animaline are supporting Janine whole heartedly on her new venture. We agree with Janine that it is so important to bring awareness to people from a young age on how to behave and read dog behaviour to minimise the amount of dogs being put into rescue homes. We feel there is no better person to pass on their knowledge of dogs than Janine. She is incredibly competent and also great fun. We're sure she could really inform children and adults on how to make dog ownership an even more pleasurable experience!

In time Janine hopes to hold classes on this subject but as Janine herself puts it "From little acorns grow big trees!" We think this is a great place to start.

She has our full support and recommendation. We wish her every success and will be behind her all the way.

*"For the animal shall  
not be measured by man.  
In a world older and  
more complete than  
ours, they move finished  
and complete, gifted with  
extensions of the senses  
we have lost or never  
attained, living by voices  
we shall never hear.  
They are not brethren;  
they are not underlings;  
they are other nations,  
caught with ourselves in  
the net of life and time,  
fellow prisoners of the  
splendour and travail of  
the Earth."*
